### Teacher's Notes

- **Focus Point:** The activity reinforces how the **present perfect tense** connects past preparation and achievements to the present result.
- **Extension Idea:** Have students write a short 5-sentence story of their own using **present perfect**, then mix the sentences for a partner to sequence.
- **Differentiation:** Provide sequencing words (*First, Then, Next, After that, Finally*) for weaker students to scaffold their retelling.
- **Oral Practice:** Students can practice retelling the story aloud for fluency and speaking practice.
