8. Has your best friend called you today?
9. Have you ever won a prize?
10. Has your teacher given you extra help?

### Teacher's Notes

- **Focus Point:** Students must remember to use **have/has** correctly depending on the subject.
- **Common Errors:** Using the simple past instead of present perfect (e.g., *Did you ever try sushi?* instead of *Have you ever tried sushi?*).
- **Interactive Extension:** Turn this into a "Classmate Survey." Each student picks 3 questions, asks 3 different classmates, and records answers. Afterward, they share one interesting thing they discovered.
- **Differentiation:** Advanced students can create their own original present perfect questions and ask the class.
