Teacher's Guide

- **Differentiation Tips:**
 - Read each sentence aloud for auditory learners.
 - Provide picture cues for each word (e.g., handshake for "cooperate," ear for "listen").
 - Offer a reduced word bank for students who need additional support.
- **Engagement Ideas:**
 - Role-play each mini story after completing the blanks.
 - Let students brainstorm new "problem-solving" words for a classroom word wall.
 - Encourage pairs to read one story aloud and act out the resolution.
- **Extension Activities:**
 - Have students write their own two-sentence conflict and choose words from the same word bank to solve it.
 - Use journals for reflection on which word they find most helpful in real life.
 - Challenge advanced learners to rewrite one story using a different but related problem-solving word.
