## Answer With Agreement

**Directions:** Read the passage carefully. Then, answer the comprehension questions in **complete sentences**. Make sure your answers use the correct pronouns that agree with their antecedents.

The school science club is planning a community clean-up day. Each member will bring **his or her** own supplies, such as gloves and trash bags. The committee has made **its** decision to focus on the park near the school. Maria and Sofia volunteered to lead the event, and they promised to remind all the students about the schedule. Everyone in the club wants to do **his or her** best, because the group hopes to show the community that **it** cares about the environment.

### Comprehension Questions

1. What will each member of the science club bring?

2. What decision has the committee made?

3. Who volunteered to lead the event, and what did they promise?

4. What does everyone in the club want to do?

5. What does the group hope to show the community?
