### Teacher's Guide

- Before reading, preview the word bank and read each **qu** word aloud to ensure students can decode independently.
- Encourage students to read the full sentence before choosing a word so they can use context clues effectively.
- Support struggling readers by modeling how to check that the chosen word makes sense when read back into the sentence.
- Extend learning by having students write their own short qu story using two or more words from the word bank or by illustrating one scene from the silly story.
