## Qu Sorting Chart Answer Key

**People or Animals:** queen, quail, squid

**Objects:** quilt, quill

**Actions:** quack, quick, quiet, squeeze

### Teacher's Guide

- Review the categories first so students understand the difference between people or animals, objects, and actions.
- Read each qu word aloud and discuss meaning as needed, especially for words like quill or quail that may be unfamiliar.
- For support, act out the action words or show simple drawings to help students sort independently.
- Extend the activity by having students add one more qu word to each category or write a simple sentence using a word from each group.
