## R Blend Partners Answer Key

br + ush = brush

cr + ab = crab

dr + op = drop

fr + og = frog

gr + ape = grape

pr + int = print

tr + uck = truck

### Teacher's Guide

- Have students tap or clap the **blend** and the **ending** before they match to reinforce sound segmentation.
- Review the blend sounds orally first and let students practice saying each blend clearly.
- Offer picture clues for learners who benefit from visual support.
- For students who struggle, limit the number of choices to three blends and three endings at a time.
- Challenge advanced students by giving extra endings and asking them to create new real r-blend words on their own.
