

Name _____

R-Controlled Match-Up Answer Key

1. star - star
2. bird - bird
3. corn - corn
4. turtle - turtle
5. fern - fern

Teacher's Guide

- Let students **say each picture name aloud** before matching. This helps them hear the r-controlled vowel clearly.
- If students struggle, have them underline the vowel pattern in each word before deciding.
- Provide support by reviewing the five patterns ar, or, er, ir, ur with a quick warm-up chant or mini chart.
- For an extension, have students draw one extra picture of their own and label it with a new r-controlled vowel word.
