3. You must choose the assignment name, subject, and due date.
4. You tap **Mark Complete**.
5. You tap the **Calendar** icon.
6. The Save step stores the assignment so it appears in your planner.

Teacher's Guide

- This worksheet develops **digital reading comprehension**, **procedural accuracy**, and **attention to detail**.
- For support, review common app terms such as **dashboard**, **icon**, and **submit** before reading.
- For engagement, allow students to sketch what they think the app layout looks like.
- For extension, have students write their own set of instructions for a different digital tool.
- For challenge, ask students to identify what could go wrong if one step is skipped and explain why.
