6. You must wash your hands.

Teacher's Guide

- This worksheet builds **workplace reading accuracy**, **rule application**, and **situational reasoning**.
- For support, have students underline each rule that connects to a question.
- For engagement, assign students to role play one of the workplace situations.
- For extension, ask students to write a new rule for the manual and create a matching scenario.
- For challenge, have students explain what safety problem could happen if one rule is ignored.
