Sides

- French Fries
- Garden Salad
- Garlic Bread
- Fruit Cup

Desserts

- Chocolate Pudding
- Ice Cream Scoop

Teacher's Guide

- This activity strengthens **menu comprehension** and **category recognition** by having students group items by type.
- For support, review each category together and provide one example before students work independently.
- For engagement, turn this into a partner game where students quiz each other using the menu list.
- For extension, challenge students to design a five-item menu and label each category correctly.
