

Name _____

Recipe Rescue Answer Key

1. The chocolate chips have the wrong measurement. It should be one half cup, not three cups.
2. Step four is out of order and should come before baking, or baking should be removed completely.
3. Step three is incorrect because you never bake an empty bowl. The bowl should not be baked at all.

Teacher's Guide

- This worksheet strengthens **error detection**, **recipe logic**, and **critical reading** skills for Grades 3 to 5.
- For differentiation, allow some students to work with a partner while others work independently.
- Increase engagement by having students rewrite the corrected recipe as a class.
- As an extension, ask students to create their own broken recipe with three hidden mistakes for a classmate to solve.
