

Name _____

Popsicle Order Answer Key

Correct Order:

1. B
2. C
3. E
4. A
5. D

Teacher's Guide

- This worksheet builds **sequencing**, **procedural comprehension**, and **recipe structure awareness** for Grades 2 to 3.
- To support struggling learners, read the steps aloud and act them out together before numbering.
- For engagement, allow students to color a drawing of the finished popsicle after completing the order.
- As an extension, have students write their own 4 or 5 step recipe and scramble it for a partner to solve.
