Teacher's Guide

- **Skill Focus:** Students practice interpreting a transportation schedule by identifying **departure times**, **arrival times**, and the **sequence of stops**.
- **Differentiation:**
 - Provide a printed clock or timeline for students who need visual support.
 - Challenge advanced students to calculate time between any two stops not directly asked.
- **Engagement Tips:**
 - Have students trace the route with their finger as they answer each question.
 - Use role play where students pretend to board and exit at different stops.
- **Extension Ideas:**
 - Ask students to design their own mini bus route with at least five stops.
 - Have students write three new questions based on the same schedule.
