Teacher's Guide

- This worksheet helps students recognize **common text structures** by examining short, clear examples.
- For differentiation:
 - Provide hint words such as because, however, first, and solution for struggling learners.
 - Ask advanced students to rewrite one paragraph in a different structure.
- For engagement:
 - Have students highlight clue words in each paragraph before sorting.
 - Turn it into a team challenge where partners explain their reasoning.
- For extension:
 - Ask students to write a short paragraph for each of the four structures.
 - Connect this activity to informational reading passages in science or social studies.
