## Twister Sound Hunt

**Directions:** Look at each tongue twister carefully. **Circle all the words that begin with the same repeated sound** (example: all the “b” words). After circling, read the tongue twister aloud slowly once. Then, read it again with smoother fluency. Notice if circling the repeated sounds helped you read more clearly.

### Tongue Twisters for Practice

1. Benny’s big brown boots bounced boldly by bushes.
2. Clara’s clever clowns climbed clumsy clay cliffs.
3. Silly snakes slid silently across slippery stones.
4. Peter’s proud puppies played politely in the park.
5. Friendly frogs frequently flipped from flat fences.

### Reflection Questions

1. Which tongue twister had the **most circled words**?

2. Did circling repeated sounds make it easier to read with fluency? Explain.

3. Which sound (b, c, s, p, f) was hardest to keep clear when reading aloud?
