### Teacher's Guide

- **Objective:**  
Students learn to recognize unsafe or unhealthy social situations and choose safe, responsible actions.
- **Differentiation Tips:**
  - Read scenarios aloud for developing readers.
  - Offer a discussion-based version for students who benefit from verbal reasoning practice.
  - Provide visual icons (e.g., thumbs up for safe choices, warning signs for unsafe ones) for comprehension support.
- **Engagement Strategies:**
  - Turn the quiz into a class discussion by having students explain why each correct answer is safest.
  - Encourage students to identify "red flag" clues in each question.
- **Extension Ideas:**
  - Have students write one new multiple-choice question of their own about a safe vs. unsafe situation.
  - Role-play selected scenarios, demonstrating both safe and unsafe responses before reflecting as a group.
