

Name _____

Rhyme Finders

Directions: Read the short passage below aloud one time. As you read, listen for words that rhyme (end with the same sound). Circle or highlight every pair of rhyming words you find. After marking them, reread the passage smoothly, paying attention to the rhythm the rhymes create.

The moon was bright above the hill,

The night was calm, the air was still.

A little fox began to run,

Chasing shadows, having fun.

He saw a frog beside the lake,

That hopped around and made it shake.

The stars all twinkled high and far,

Shining down where the foxes are.

Follow-Up Task

Pick one rhyming pair from the passage. Write two new lines of your own poem using those words. Then practice reading your poem aloud three times.
