Teacher's Guide

- **Skill focus:** Students connect rhyming sounds to matching **printed CVC words**.
- **How to use:** Read the picture words aloud first. Then have students point to the same word in the CVC list.
- **Differentiation:**
 - Support: Cover the word list and reveal only the two options needed for each bridge.
 - Challenge: Students write one more CVC rhyme for each bridge pair (cat, hat; pig, dig).
- **Engagement:** Use a quick chant: "Say it, rhyme it, read it!" before drawing each bridge.
- **Extension:** Students choose one bridge pair and write a short sentence using both CVC words.
