Teacher's Guide

- **Skill focus:** Students listen for **ending sounds** and connect pictures to rhyming words.
- **How to use:** Say the picture word together, then say each choice slowly before coloring.
- **Differentiation:**
 - Support: Read the words aloud and stretch the last sound (mouse, house).
 - Challenge: Ask students to say one more rhyme after coloring.
- **Engagement:** Have students clap once when they hear words that sound the same at the end.
- **Extension:** Students draw a quick picture of the rhyming pair they colored and name both items aloud.
