Teacher's Guide

- **Focus skill:** Students connect picture meaning to the correct **word family** word, strengthening decoding and vocabulary.
- **How to model:** Do one together. Read the clue, name the picture, then check the ending (example: cat ends with **-at**).
- **Differentiation:**
 - Support: Read the word bank aloud first and have students repeat each word; then reread each clue slowly.
 - Challenge: After labeling, students sort answers into three headings: **-at, -an, -og**.
- **Engagement:**
 - Partner check: Students whisper-read the clue, point to the word bank choice, then write it.
- **Extension:**
 - Students choose any two labels from the same family and write one short rhyming sentence (example: The **cat** has a **hat**).
