| 3. crow  | 9. log   |
| 4. sleep | 10. put  |
| 5. slip  | 11. hop  |
| 6. fur   | 12. bang |

### Teacher's Guide

- **Focus skill:** Students use meaning and sound to choose the correct word, strengthening **word family awareness** and sentence comprehension.
- **How to model:** Read a sentence aloud, try both choices, then ask, "Which one sounds right and makes sense?"
- **Differentiation:**
  - Support: Have students underline the rhyming part or word ending in both choices before deciding.
  - Challenge: Students write a new sentence using the word they did not choose, if it is also a real word.
- **Engagement:**
  - Partner read: One student reads the sentence, the other reads the two choices; then they decide together.
- **Extension:**
  - Students pick any 3 answers and write a short 3-sentence story using all three words.
