

Rhyme Houses Answer Key

- **-at:** cat, flat, chat
- **-an:** plan, fan, scan, tan
- **-og:** dog, log, frog, jog, bog

Teacher's Guide

- **Focus skill:** Sorting words by **word family endings** to strengthen rhyme recognition and decoding.
- **Quick model:** Say one word aloud (cat) and stretch the ending sound (a-t). Point to the matching house label (**-at**).
- **Differentiation:**
 - Support: Read the word bank together first; highlight the ending letters in each word.
 - Challenge: Ask students to add one more word to each house from their own ideas (example: **-at:** that).
- **Engagement:**
 - "Doorbell check": Students knock on the desk once after reading a word, then "deliver" it to a house.
- **Extension:**
 - Have students pick one house and write a **silly sentence** using two words from that family.
