Teacher's Guide

- **Objective:** Practice polite greetings, requests, and farewells through structured fill-in-the-blank role-play.
- **Differentiation Tips:**
 - For non-readers, read each line aloud and have students repeat.
 - For emerging writers, offer a visual word bank (meet, play, fun, help, see, etc.).
 - For advanced students, challenge them to create a new dialogue using different names and phrases.
- **Engagement Ideas:**
 - Use puppets, stuffed animals, or role-play cards for dramatization.
 - Pair students to act out their completed dialogues with expression and gestures.
- **Extension Activities:**
 - Have students draw a picture of one of their completed conversations.
 - Practice tone and volume by saying the same dialogue with different emotions (happy, shy, excited).
