## Team Trouble

**Directions:** Read the short story below. Then, with a partner, act out what happens and show a positive way to solve the problem.

It was Friday afternoon, and the class was finishing a group project about recycling. Mia and Jordan were partners. Jordan wanted to use colorful drawings for their poster, but Mia wanted to write long facts instead. They started talking loudly, and the teacher reminded them to use teamwork skills. Both felt frustrated and didn't know what to do next.

1. What problem are Mia and Jordan facing?

---

---

2. How could each of them talk to the other kindly?

---

---

3. What is one positive solution they could try together?

---

---

**Roleplay Task:** Now act out the story with your partner. One person can be Mia, and the other can be Jordan. Show what happens when they solve the problem in a kind way.
