Field Trip Fix

Directions: Read the short passage below. It contains **several run-on sentences**. Rewrite the entire passage on the lines, correcting all run-ons while keeping the original meaning.

Yesterday was exciting we went on a field trip to the science museum. The bus ride was long the students sang songs to pass the time. When we arrived the guide welcomed us she explained the rules quickly. The exhibits were amazing there were giant dinosaur bones we also saw a space shuttle. My favorite part was the planetarium show it felt like we were floating in space. At the end of the day everyone was tired we had learned so much.
