

Name _____

Switching S Blends Answer Key

1. skip
2. skin
3. stack
4. snow
5. smack
6. smog
7. slam
8. slow

Teacher's Guide

- Highlight that **only the beginning blend changes**, not the rest of the word. This reinforces blending and decoding skills.
- Have students touch under each beginning blend and say it aloud before writing the new word.
- Support students by providing a blend chart or reading the list of blends together before starting.
- For an extension, students can create their own pair of swap words and challenge a partner to read them.
