7. still (st)
8. scarf (sc)
9. spin (sp)
10. smile (sm)

Teacher's Guide

- Review S-blends before beginning. Say blends aloud with students and have them repeat to strengthen sound recognition.
- Encourage students to **tap out the beginning sound** and test different blends to see which forms a real word.
- Provide support by giving a picture clue for each word if needed or modeling one example together.
- For an extension activity, have students write a new sentence using at least two completed S-blend words or create their own fill-in-the-blank challenge for a partner.
