

Name _____

Exponent Explanations

Directions: Convert each number to scientific notation. Then write one short sentence explaining how you found the exponent and why it is positive or negative.

	Scientific Notation	Explanation
1) 68,000		
2) 4,250,000		
3) 0.0079		
4) 0.000054		
5) 910,000,000		
6) 0.00000063		
7) 12,400		
8) 0.0452
