

Sentence Stretch Echo

Directions: Listen as your teacher **models each sentence aloud** with smooth, clear pacing. **Echo** the sentence, matching rhythm, tone, and expression. Then, **extend** the sentence by adding a related phrase or clause that connects naturally to the idea.

- Example: *Model:* "The sun is shining." → *Student:* "The sun is shining **and warming the garden.**"

Reread your new, extended sentence aloud fluently and confidently. Write your completed sentence in the space provided after each model.
