Teacher Notes / Guide

- **Objective:** To build **sentence-level fluency** through controlled pacing while maintaining comprehension and accuracy.
- **Suggested Implementation:**
 - Have students track each read using checkmarks.
 - Encourage the use of a **timer** to measure slight improvements in reading speed without sacrificing accuracy.
 - Discuss **phrasing and breath control** between reads to reinforce fluency habits.
- **Extension Idea:** After completing the worksheet, have students select one sentence to rewrite in their own words and read it aloud three times, emphasizing **natural rhythm** and **intonation**.
- **Assessment Tip:** Monitor not only reading speed but also tone, phrasing, and understanding of meaning. These indicate **true fluency growth**, not just speed.
