

Name _____

First, Next, Last Answer Key

Correct Chart:

First (Beginning)	Next (Middle)	Last (End)
Maya found a gray kitten behind a bush.	She took it home, fed it milk, and wrapped it in a blanket.	Maya made a "Found Kitten" sign and placed it on her gate.

Teacher Guide/Notes:

- Highlight transition clues: *when she heard* → beginning, *she gave it* → middle, *later that evening* → end.
- Students may rephrase details (e.g., "Maya gave the kitten milk" instead of "She gave it a bowl of warm milk"). As long as the sequence is correct, answers are acceptable.
- Encourage students to use **sequencing words** in their challenge response: *first, next, last*.
