

Name _____

Find The Transitions

Directions: Read the passage. Find the **transition words**, underline them, and explain what event each one shows.

First, Leo spread his map across the park bench and checked the trail signs. After that, he followed the curved path past the pond and over the small bridge. Suddenly, a rabbit darted across the trail and startled him. Next, Leo laughed and kept walking toward the tall oak tree. Finally, he reached the meeting spot where his friends were waiting.

What Does Each Word Mark? Match each transition word to the event it shows. Then explain it in your own words.

1. **First** - What happens at this point?

2. **After that** - What happens at this point?

3. **Suddenly** - What happens at this point?

4. **Next** - What happens at this point?

5. **Finally** - What happens at this point?

Your Turn: Write one sentence using a **sequencing transition word** to show what happens next in this story.
