- ship (a vehicle but also a place you can be in)
- shower (a location inside a home)

### Objects:

- shell
- shovel
- shape

### Actions:

- shout
- shine
- shut

### Teacher's Guide

- Review the meaning of each **sh** word before sorting, especially words that can fit more than one category depending on context.
- Encourage students to think about what the word *is* or what the word *does* when choosing a category.
- For students needing support, provide small picture cues or let them sort physical cards first.
- For extension, ask students to add two more sh words to any category or to explain why a word belongs where they placed it.
