

Name _____

Puddle Parade

Directions: Read the short story.
Answer the questions about
who, what, where, and when.

On Tuesday morning, Leo walked to the park with his sister, Mia. After the rain stopped, they saw a long line of ants moving across a big puddle. Leo counted the ants while Mia watched them carry tiny crumbs. The ants marched past the swings and disappeared under a tall tree.

1. Who went to the park?

2. What did Leo and Mia see at the park?

3. Where did the ants disappear?

4. When did this happen?
