15. wring

Teacher's Guide

- Use this worksheet early in Grades 2 to 3 when reviewing **silent letters in initial blends** such as kn, wr, and gn.
- Encourage students to underline the **silent letter** in each completed word to reinforce visual memory.
- For differentiation, provide a word bank for emerging readers or remove two items to shorten the task.
- For extension, have students write one original sentence using three completed words, or sort the finished words into **silent k**, **silent g**, and **silent w** categories.
