- 9 → G. built
- 10 → F. gave

Teacher Notes / Guide

- **Objective:** Reinforce recognition of **base verbs** and their **past tense forms**, especially irregular verbs.
- **Method:** Matching makes it quick to assess student recall. The **extension task** encourages students to apply verbs in context, ensuring they don't just memorize forms but also use them meaningfully.
- **Differentiation:**
 - For struggling learners: Reduce to 5 pairs with more common verbs.
 - For advanced learners: Add trick verbs (regular + irregular mixed) or ask for original sentences with each.
