### Teacher's Guide

- Use the questions to check understanding of major countries, landmarks, and physical features of South America.
- Read questions aloud for younger students or students who benefit from audio support.
- Encourage students to justify their answers verbally before choosing an option.

### Engagement Ideas

- Have the class vote on the most interesting fact from the questions and discuss why.
- Let students work in pairs and turn each question into a mini discussion prompt.
- Create a quick warm up activity where students locate one of the listed landmarks on a blank outline map.

### Extension Activities

- Assign a short research prompt on a South American country or physical feature mentioned in the worksheet.
- Invite students to write three new multiple choice questions of their own.
- Encourage students to compare South American landscapes to those of their own region or another continent they have studied.
