Teacher's Guide

- Grades 4 to 5 can work with partners to discuss possible matches before writing.
- Grades 6 to 7 can highlight keywords in each definition to support accuracy.
- Grades 8 to 9 can extend the task by writing sentences using each vocabulary word.

Differentiation Tips

- Provide a shorter list of terms for students who need support.
- Allow students to illustrate one or two terms after matching to reinforce understanding.
- Read the definitions aloud for students who benefit from auditory support.

Engagement Ideas

- Introduce each term with a quick image search or short clip showing real Southern Ocean scenes.
- Use a whole-class guessing game where students predict definitions before seeing the list.
- Have students vote on the most interesting or surprising vocabulary term.
