

Name _____

Current Power Answer Key

- | | |
|---------------|-----------|
| 1. currents | 6. ocean |
| 2. Antarctica | 7. cold |
| 3. circle | 8. water |
| 4. strong | 9. global |
| 5. move | |

Teacher's Guide

- Grades 4 to 6 can complete the cloze reading after a short introduction to ocean currents.
- Grades 7 to 8 can be challenged to explain why each word fits its blank.
- Encourage all students to reread the passage for context clues before choosing answers.

Differentiation Tips

- Provide a reduced word bank for students needing more support.
- Read the passage aloud for learners who benefit from auditory input.
- Allow students to highlight clues in the text that guide their word choices.

Engagement Ideas

- Show an animated map of the Antarctic Circumpolar Current to spark interest.
- Ask students to predict what the passage is about before revealing the title.
- Have students act out the motion of a circular current using simple hand or body movements.
