Teacher's Guide

Differentiation Tips

- Provide a map of Spain for students who need visual support.
- Highlight or bold each region name in the word bank to help early readers.
- Allow students to work with partners and discuss clues before writing answers.
- Offer a reduced word bank with fewer choices for students who need more guidance.

Engagement Ideas

- Have students color a blank map of Spain and label the regions from the activity.
- Show short video clips or images representing each region's landscape or culture.
- Ask students which region interests them most and have them share why.

Extension Activities

- Students choose one region and write three facts about its culture, geography, or famous cities.
- Create a class chart of foods, dances, or traditions from different Spanish regions.
- Encourage students to compare two regions and explain one similarity and one difference.
