Name _____

# Human or Bot?

AI is getting really good at writing, but it doesn't always sound like us. Sometimes it's too formal, too repetitive, or just a little *off*. In this activity, your job is to play detective. Read each short passage carefully and decide: **Human or AI?** Then, circle or underline the clues that helped you figure it out.

**Directions -** Read each passage. Decide if you think it was written by a **Human** or by an **AI**. Circle or underline the words, sentences, or patterns that gave you hints. Write a quick one-sentence explanation of your decision.

**Passage 1 -** The weekend was incredible. I went hiking with my cousin, and halfway up the trail we found a little waterfall spilling into a pool. The water was freezing, but we laughed the whole time while trying to dip our toes in. On the way back, we stopped for the best tacos I've ever had. Honestly, I wish every weekend felt like that one.

**Your Guess:** Human ☐ AI ☐    **Why?** _____

**Passage 2 -** Nature provides beauty and inspiration to the human spirit. The presence of mountains, rivers, and skies creates opportunities for individuals to reflect on the importance of balance and connection. Hiking is an activity that symbolizes growth, effort, and achievement, and it offers positive benefits for both physical and mental health.

**Your Guess:** Human ☐ AI ☐    **Why?** _____

**Passage 3 -** I had pasta for dinner last night, and honestly it was not very good. The sauce tasted like someone had dumped an entire salt shaker into it. But the garlic bread? That was amazing. I could have eaten three baskets of it. Sometimes the side dish totally saves the meal.

**Your Guess:** Human ☐ AI ☐    **Why?** _____

**Passage 4 -** Pasta is a traditional meal enjoyed by people across the world. It can be served with a variety of sauces, including tomato-based sauces, cream-based sauces, and olive oil. Many people enjoy eating pasta for dinner because it is filling, flavorful, and customizable to individual tastes.

**Your Guess:** Human ☐ AI ☐    **Why?** _____
