## Sprinkle Sentences Answer Key

Answers will vary. Sentences should show correct use and meaning of each chosen **spr** word.

### Teacher's Guide

- Review the **spr** blend and read each word from the word bank aloud. Clarify meanings before writing.
- Model one example sentence on the board to show how to use an **spr** word correctly.
- For emerging writers, provide sentence starters such as "I can..." or "The small..." to support writing fluency.
- Encourage students to read their sentences aloud to check for clarity and proper use of the **spr** word.
- For extension, have students choose a third **spr** word and draw a matching picture that shows its meaning. For advanced writers, have them answer two prompts instead of one.
