## Spr- Word Chart Answer Key

Underlined spr words: sprout, spring, sprinkle, sprig, sprint, sprain, spray

**Nature Words:** sprout, spring, sprig

**Action Words:** sprinkle, sprint, sprain

**Object Words:** spray

### Teacher's Guide

- Read the passage aloud first so students can hear each spr blend clearly.
- Model underlining one example spr word to show students how to spot the blend at the beginning.
- Provide vocabulary support by briefly explaining nature, action, and object categories before sorting.
- For emerging readers, offer picture cards of the spr words to help them visualize meaning.
- For extension, encourage students to add one new spr word to each category or write a new sentence using two spr words from different categories.
