## Puppy Kindness

**Directions:** Read the short story below. Then, identify **two character traits** of the main character of the story. For each trait, find a sentence from the story that supports your idea. Write your answer in complete sentences.

### The Lost Puppy

Sofia was walking home from school when she heard a soft whimper coming from behind a bush. She gently pushed the branches aside and discovered a small puppy, shivering and dirty. Sofia took off her scarf and wrapped it around the puppy to keep it warm. She whispered, "Don't worry, I'll help you." Instead of hurrying home, she knocked on doors along the street, asking neighbors if they had lost a puppy. When no one claimed it, she carefully carried the pup home, gave it water, and promised to take care of it until the owner could be found.
