## Character Web

**Directions:** Read the short story below carefully. Then, fill in the character web organizer. At the center should be the main character. In the circles around it, write the name of each supporting character and how they are connected to the main character.

### Ella's Big Move

Ella had just moved to a new town and felt nervous on her first day at Maple Elementary. At recess, a girl named Chloe came up and asked if she wanted to play tag. Ella smiled and joined the game. Later, Mr. Rivera, her teacher, noticed she seemed a little shy and paired her with Noah for a science project. Noah was friendly and explained the assignment clearly. By the end of the day, Ella felt more at home, thanks to her new friends and helpful teacher.
