- **Where** - the setting
- **When** - the time it happens
- **Why** - the reason or purpose behind the events

### The Lost Library Book

Samantha carried her backpack to school and realized she had forgotten to return her library book. It was due that day, and she worried she might get a late fee. During recess, she asked her teacher if she could call home. Luckily, her dad was able to drop the book off before the end of the day. Samantha happily returned it to the library, relieved she wouldn't lose her good record.
