## Str- Blends Search Answer Key

strum, strap, straw, strong, string, strut, stripe, street, stream, struck, stray, strive

### Teacher's Guide

- Encourage students to **say each word aloud** to hear the str blend at the beginning. This supports phonemic awareness for early readers.
- Provide a small list of extra decodable str words for students who finish early, such as strike or stretch.
- Offer highlighters or crayons for a multi-sensory experience. Younger students often stay more engaged when using color-coding.
- For students who need support, read the list aloud once and have them raise a hand when they hear a word that starts with str. Then let them circle independently.
