## Str- Search And Define

**Directions:** Read the paragraph. Underline all the **str-** words you find. Then choose one **str-** word and write your own definition for it.

Owen took a slow walk down the old street near his house. He saw a stray dog sniffing around a tall strong gate. A tiny stream ran beside the path, and Owen used a bit of red string to pull a floating leaf closer. He decided to stretch his arms before heading home with a happy grin.

Choose one **str-** word and write your definition:
