## Trail Of Answers Answer Key

Path: 1 → 4 → 5 → 2 → 3 → 6 → 7 → 8 → Finish

Answers:

1.  $\frac{1}{4}$
2.  $\frac{1}{2}$
3.  $\frac{3}{10}$
4.  $\frac{3}{8}$
5.  $\frac{3}{4}$
6.  $\frac{5}{12}$
7.  $\frac{3}{10}$
8.  $\frac{17}{24}$

### Teacher's Guide

- Demonstrate how to use the Answer Box before students begin the activity.
- Remind students to simplify each answer before looking for the matching fraction.
- Encourage students to check their work if they cannot find their answer in the Answer Box.
- Pair students to compare the path they followed and discuss any differences.
- Challenge early finishers to design their own fraction path with five problems for a classmate.
- Extend the activity by asking students to explain why using the least common denominator helps reduce calculation errors.
